## Statement of Estimated State Revenue Impact

---

**Date:** February 2, 2007

**Bill Number:** S.B. 95

**Author:** Cleary

**Committee Requesting Impact:** Senate Medical Affairs

---

### Bill Summary

A bill to amend Section [40-15-172](#) of the 1976 Code, relating to mobile dental facilities, to provide that a registrant must keep records at a central office location or at the portable dental operation, and to provide that in the instance of a fee for service patient, the registrant must provide the patient with a description of the fees associated with the treatment.

### REVENUE IMPACT <sup>1/</sup>

This bill would have no impact on state or local revenues in FY 2007-08.

### Explanation

This bill adds language pertaining to certain record keeping and information requirements of dental practice at a mobile facility or mobile operation in this State. Specifically, Section 1(A)(5) eliminates maintenance of confidential records at “each” mobile dental facility but would require such data records at either a central office or portable dental operation. When treating a fee for service patient, Section 1(10)(c) would require the information sheet of services rendered to include a listing of fees associated with treatment and tooth numbers when applicable.

Since this bill does not alter any license fee, but merely adds provisions for record maintenance and information purposes, it would have no impact on state or local revenues in FY 2007-08.
